HOW DOES THE PROCESS WORK?

WE LISTEN

Tell us about your business, what is important to you and what you want to achieve. We will build a costed proposal to aim for these goals, within your budget.

CODING

Planning and building up the core and advanced features and functionality that you need

LAUNCH

Putting your website live on our servers and submitting it to Google

GREAT COMMUNICATION

We use Basecamp, a dedicated project manager, calls and meetings to make sure you are kept fully in the loop, checking we are on the right track every step of the way.

FUNCTIONALITY

Setting up any special features your website may need e.g. signups/ bookings/ payments

HOSTING & SUPPORT

Our state of the art, UK based servers will keep your site fast and safe. We will be on hand to help you develop your site as your business evolves.

DESIGN

The collaborative and creative design process begins with a consultation to understand you and your business

TRAINING

We will create bespoke video guides, tailored to your site, to watch and keep, giving you confidence, access and control.
